Koerner Research Scholars

2023 Competition

Ryan Chan (supervisor: Dr. Gillian Strudwick): *Exploring the perceived influence of Machine Learning-Decision Support Systems (ML-DSS) on clinical decision-making processes in mental health care*

Danielle Downie (supervisor: Dr. Lena Quilty): *Integrating risk factors of substance-use disorder: An evaluation of childhood maltreatment and coping strategies across gender*

Rachel Goud (supervisor: Dr. Victor Tang): *Comparing in-person and virtual delivery of a clinician-delivered cognitive behavioral and motivational enhancement group therapy for adults with cannabis use disorder: A retrospective cohort study*

Laura Koch (supervisor: Dr. Yona Lunsky): *The relationship between physical activity and mental health in adults with intellectual and developmental disabilities and their caregivers*

Alina Patel (supervisor: Dr. Lena Quilty): *Can a mobile mindfulness intervention improve depression, anxiety, and repetitive negative thinking for people waiting for psychological services?*

Marian Saab (supervisor: Dr. Kevin Shield): *A multi-country study on adolescent alcohol use, influences and alcohol-related harms: An analysis of the Global School-Based Student Health Survey*

Anchita Shonak (supervisor: Dr. Nicole Kozloff): *Pharmacotherapy in youth mental health: A review of guidelines to inform a transdiagnostic intervention*

Gabriel Tarzi (supervisor: Dr. Yona Lunsky): *Evaluation of an interprofessional educational intervention in mental health and intellectual and developmental disability for health professional trainees*

2022 Competition

Jessica D'Arcry (supervisor: Dr. Sean Kidd): *Investigating and reporting real-world implementation of a smartphone app for psychosis and expanding its use to opiate use disorder using stakeholder engagement and co-design*

Keri Durocher (supervisor: Dr. Gillian Strudwick): *Engaging stakeholders in co-developing virtual mental health care competencies using a Nominal Group Technique*

Olivia Mendoza (supervisor: Dr. Yona Lunsky): *Predictors of mental well-being of family caregivers of adults with intellectual and developmental disabilities during the COVID-19 pandemic*

Alyna Walji (supervisor: Dr. Juveria Zaheer): *Client, family and provider perspectives on interventions for suicide prevention: Implications for co-design in a local setting*

Ben Wong (supervisor: Dr. Peter Selby): *The association of risky alcohol use and smoking cessation outcomes among smokers in an Ontario primary care treatment program*

2021 Competition

Katrina Hui (supervisor: Dr. Daniel Buchman): *Ethical considerations of the expansion of artificial intelligence applications in risk assessments in mental health: Towards more compassionate mental health care*

Alexandra (Sasha) Shifrin (supervisor: Dr. Matt Sloan): *Predictors of retention and treatment response in an integrated care pathway for alcohol use disorder*

Danielle (Hwayeon) Shin (supervisor: Dr. Gillian Strudwick): *Implementation of a mobile app-based suicide safety plan — The Hope by CAMH — in a psychiatric emergency department*
